# WE BUILD WEST VIRGINIA

**Where the Future is Forged.** It's more than just a slogan. It describes the future that exists for the skilled trades workers of the WV Building and Construction Trades Unions. Building Trades union members have built and will continue building and maintaining our state. Our members work every day to strengthen our community and our state and create opportunities for a better future.

Building Trades union craft workers have built, maintained and restored our roads and bridges, hospitals and schools, as well as the power plants and energy generations projects that keep our country running. Moreover, our trades people have delivered completion of these projects **on time, on budget and safely** time after time.

WV Building Trades and our sister organization Affiliated Construction Trades - WV, represent over 24,000 highly skilled, highly trained trades workers, who work in 14 construction sector organizations, covering all 55 West Virginia Counties and some in our surrounding states.

The Building Trades Council is made up of members from our local affiliates representing the following trades:

- The International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forger and Helpers
- The International Union of Bricklayers and Allied Craftworkers
- The United Brotherhood of Carpenters and Joiners of America
- Operative Plasters' and Cement Masons' International Association
- The International Brotherhood of Electrical Workers (IBEW)
- Association of Heat and Front Insulators and Allied Workers International
- International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers (IW)
- Laborers International Union of North America (LIUNA)
- International Union of Operating Engineers (IUOE)
- International Union of Painters and Allied Trades (IUPAT)
- United Association of Plumbers, Fitters, Welders and Service Techs (UA)
- United Union of Roofers, Waterproofers and Allied Workers
- International Association of Sheet Metal, Air, Rail, and Transportation Workers (SMART)
- International Brotherhood of Teamsters

# WE BUILD WEST VIRGINIA

West Virginia's construction craft workers are drug-free, dedicated, reliable and hardworking. The men and women who makeup the workers in our state, provide some of the highest quality, professional and safe working environments around. The return delivered by partner contractors, to our owners and operators is proven to provide projects, big and small, and on time by the skilled trades people in West Virginia.

Our apprenticeship programs provide a college-level education all while earning a wage, while receiving on-the-job training from experienced workers. As a construction craft worker you will receive a good wage, benefits and be ensured safe working conditions.

If you're looking for a career, not just a job, in construction --- the Building Trades is your future!

This book serves as a resource for contactors, developers, public agencies, and officials who need good access to good efficient and quality workers and partner contractors. It's our goal to be a engaged partner to support a successful project from start to finish.

We look forward to working with you on your project to ensure quality, and value.

Justin Williams, Director  
Affiliated Construction Trades – West Virginia
